

Words From our CEO

Welcome to the June issue of our newsletter. Thank you for following us and for taking the time to read it. We appreciate it and hope that you and your family are healthy and safe during these uncertain times. This edition comes at an important time, as we have just entered the second phase of the plan to safely open Texas while minimizing the spread of COVID-19.

Covid-19 Drive-Thru Testing in Cleveland for Four Days in a Row

EHS conducted COVID-19 drive-thru testing in the Cleveland area for four days in a row. This initiative was made possible thanks to a partnership established with The Sanctuary Church of Cleveland. The testing took place at the parking lot of the church from May 12 to May 15 and was administered completely while people remained in their vehicles.

Free COVID-19 Testing for First Responders in Onalaska

We were very proud to partner with Polk County Emergency Response to provide free COVID-19 screenings among first responders and health care workers in Onalaska, Texas. As you might know, an EF-3 tornado landed in Onalaska, Texas, on April 22, destroying various neighborhoods. Several people died and hundreds of homes and businesses were damaged. Disaster was the last thing the community needed in the middle of this pandemic.

Community Prayer for Our Hospitals

We wanted to thank our community and Cornerstone Church of Cleveland for stepping up and taking the time to pray and share their appreciation for our hospitals. Cornerstone Church organized a community prayer for the safety of our hospitals, patients, doctors and staff on Tuesday, April 21st. The prayer took place at the parking lots of the [Texas Emergency Hospital](#) and the [Cleveland Emergency Hospital](#) and was held in two shifts: morning and afternoon.

Celebrating and Recognizing our Lab Professionals

At EHS, we wanted to celebrate our laboratory professionals, and we took the opportunity to do so during the National Medical Laboratory Professionals Week, which was held during the last week of April. Our Lab technicians and professionals do an amazing job!. Now more than ever, our lab staff are working hard collecting samples, performing tests and processing results. We are deeply grateful to them and we wanted to let them know how much we appreciate the work they do.

Honoring Our Nurses

Our nurses are amazing, and the words really fall short to express how much they mean to us. We are deeply grateful to them! National Nurses Day was held on May 6, and we took the opportunity to celebrate and honor our nurses in a very special way. We wanted to let them know how much we admire their work and how grateful we were for the compassion, courage, and dedication they put into their patients and profession. So we did this through a video.

Michael T. Adkins RN, BSN, MBA
Corporate Chief Operating Officer
Emergency Hospital Systems

We are proud to introduce Michael Adkins, Corporate Chief Operating Officer for Emergency Hospital Systems. Mr. Adkins is a seasoned health care executive who has been working with us since October 2019. He has brought a hands-on approach to our leadership team which has resulted in increased employee, patient and physician satisfaction.

How a Patient Won the Battle Against COVID-19

With this pandemic advancing within Liberty County, we wanted to capture the testimony of a Cleveland resident who managed to overcome the battle against the Coronavirus with the help of our staff, doctors, and nurses. Lanora Purvis is the founder and CEO of Heavens Army Home of Amazing Grace in Cleveland. She tested positive for COVID-19 in March and since then, she has made a full recovery. Now she wanted to share her story with the community in a testimonial video.
