

WORDS FROM OUR CEO

Welcome to one more issue of our newsletter. We hope that you and your family are fine in these uncertain times, and that you find the content of this newsletter useful. These last few months have been a great challenge for us. We have been working tirelessly in the fight against COVID-19, while working on other important projects for the benefit of the health of our patients and communities.

TEXAS EMERGENCY HOSPITAL RECOGNIZED WITH "BUSINESS OF THE MONTH" AWARD

We are truly proud and grateful to be the recipient of the June 2020 Cleveland Chamber, "Business of the Month" award. We have had the privilege to serve the Cleveland Community for the past five years. We would like to take this time to thank and acknowledge each of our employees for their continued dedication to patient care and community involvement.

WE'RE RENOVATING OUR OPERATING ROOMS AT TEXAS EMERGENCY HOSPITAL

We are excited to announce that we have begun renovation and remodeling work in our operating rooms at Texas Emergency Hospital (TEH). Starting with the demolition of interior spaces, we will continue with the renovation of existing areas. The project is expected to be concluded in the next few months and will consist of: two operating rooms, a procedure room, a central sterile area, and a PACU room.

WE'VE CONDUCTED MORE THAN 12,000 COVID-19 TESTS SINCE THE PANDEMIC BEGAN

The past few months have been a challenging season for Emergency Hospital Systems. There has been a lot to do and we have been able to remain true to our mission of being an organization dedicated to caring for our community. In line with this, we have been organizing COVID-19 testings, which have had a significant impact on the communities we serve. As an evidence, we have tested more than 12,000 people for COVID-19 since this pandemic began.

CELEBRATING THE OPENING OF OUR NEW EMERGENCY ROOM IN PORTER

We are happy to announce another extension of Emergency Hospital Systems with our Porter location. The facility is located at 24520 FM 1314 Porter, TX 77365 and is open 24 hours, 7 days a week. It has been designed to meet all the emergency needs of our patients, including COVID-19 testing. We are very thankful to our community for allowing us to continue to be their hometown healthcare.

NEW CARDIAC CATHETERIZATION LAB OPEN AT EHS- DEERBROOK

We are thrilled to announce that we have opened our second cardiac catheterization lab (cath lab) on our Deerbrook facility located at 8901 FM 1960 Bypass Rd. W. Suite 105. Humble. Our first cath lab opened in March 2018 at Texas Emergency Hospital located in Cleveland, Texas. With this new opening, we are furthering one of our goals and main priorities which is to offer high-quality cardiovascular services to our community.

JUNE WAS NATIONAL MEN'S HEALTH MONTH

June was National Men's Health Month and at EHS, we took the opportunity to raise awareness about the importance of recognizing and preventing men's health problems. As a way to show support for this cause, we encouraged our staff to wear blue the first two Fridays of June. Men's Health Month encourages men and boys to take control of their health and to make their health a priority.

CELEBRATING NATIONAL HEALTH CENTERS WEEK

National Health Center Week (NHCW) was August 9 – 15, and at Emergency Hospital Systems we took the opportunity to celebrate and recognize the important role that health centers play in the community. NHCW is an annual celebration that is held with the goal of raising awareness about the mission and accomplishments of America's health centers.

SUPPORTING NATIONAL BREASTFEEDING AWARENESS MONTH

Our staff at Cleveland Emergency Hospital wore their favorite tie dye shirt on August 14th to show their support in promoting breastfeeding in hospitals, workplaces and communities. Breastfeeding is the best source of nutrition for most babies, as it helps reduce the risk of certain health conditions in both babies and mothers. The American Academy of Pediatrics (AAP) recommends exclusive breastfeeding until 6 months of age.
